We're set for a call with Caitlyn McGuire (and maybe Jasmine Hunt) in Sen. Durbin's office to discuss the manganese levels found at S.H. Bell. They especially want help understanding the meteorological data.

If anyone is joining remotely, here's the call-in number and code:

866-299-3188; 7234515#

Ronna is back from vacation tomorrow, so she will lead the call.

Hope it goes well.

Best,

Denise
